| Monday, March 14 | 11:30 AM  | 132 NRB    | Special Seminar **“Finding new players and novel mechanisms in cancer cachexia”**  
|               |            |            | Serkan Kir, PhD  
|               |            |            | Dana-Farber Cancer Institute  
|               |            |            | Sponsored by the Department of Molecular and Medical Pharmacology |
| Tuesday, March 15 | 12:00 PM  | 53-105 CHS | MBI Interdisciplinary Faculty Seminars will resume Spring Quarter on **Tuesday, March 29th**.  
|               |            |            | JCCC “Leaders in the Field” Seminar **“Transcriptional regulation and an epigenetic switch linking inflammation to cancer”**  
|               |            |            | Kevin Struhl, PhD  
|               |            |            | David Wesley Gaiser Professor  
|               |            |            | Departments of Biological Chemistry and Molecular Pharmacology; Harvard Medical School  
|               |            |            | Sponsored by JCCC Gene Regulation Program  
|               |            |            | *Light Lunch Served* |
| Wednesday, March 16 | 12:00 PM | NRB Auditorium | CTSI Seminar Series **“Cargo Receptors In The Er: From Clotting Factor To Cholesterol Regulation”**  
|               |            |            | David Ginsburg, MD  
|               |            |            | Life Sciences Institute Investigator, HHMI  
|               |            |            | James V. Neel Distinguished University Professor  
|               |            |            | Department of Human Genetics, UM Medical School  
|               |            |            | Service Chief, Clinical Genetics - Division of Medical Genetics, Department of Internal Medicine, UM Medical School  
|               |            |            | Warner-Lambert/Parke-Davis Professor - Division of Molecular Medicine & Genetics, Department of Internal Medicine, UM Medical School |
Thursday, March 17 12:00 PM
53-105 CHS

**JCCC Research Seminar**

"Making an Immune System: from Bone Marrow to Thymus"

**Gay Crooks, MBBS**
Professor, Rebecca Smith Chair, Pathology & Laboratory Medicine and Pediatrics
Director, Cancer & Stem Cell Program, JCCC
Co-director, Broad Stem Cell Research Center
Sponsored by JCCC Tumor Immunology Program

*Light Lunch Served*

**MBI Thursday Seminar Series** will resume Spring Quarter on **Thursday, March 31**

---

Friday, March 18 2:00 PM
130 Boyer Hall

**MBI Special Seminar**

"Roles of Prostaglandins in Regulation of Plasticity of Lymphatics and Lymph Nodes"

**Masataka Majima, MD, PhD**
Dean, Graduate School of Medical Sciences; Kitasato University

**Cell and Developmental Biology Club** will resume in **April**.
