Whitcome Fellowship: Information for Current Fellows

PROGRAM COORDINATOR:  Jennifer Miller,  172 Boyer Hall, x75209

REQUIREMENTS CHECK LIST (see details for each below)

• Ethics Training
• MBIDP Student Seminars (at least 6 each year)
• MBI Retreat (present poster or talk)

One (1) course in advanced research integrity and ethics training (CHEM C250, CHEM 203B, MIMG C234).

• CHEM C250 Research Integrity in Cellular Biology, Molecular Biology, and Biochemistry Research (2 units) is offered only during the Fall Quarter.
• CHEM 203B Ethics in Chemical Research (2 units) is offered only during the Spring Quarter
• MIMG C234 Ethics and Accountability in Biomedical Research (2 units) is only offered in the Spring Quarter.

Participate in the Molecular Biology IDP (MBIDP) SEMINAR PROGRAM, attending a minimum of six (6) seminars during the year of Whitcome support.

These student-only lunch seminars are held at 1:00 PM every other Wednesday. Two students at each session present 20 minute talks on their dissertation research project, and their fellow graduate students provide feedback on the presentation. It is often used as a practice forum prior to presenting at a conference, an oral qualifying exam, or a dissertation defense. There will be a sign-in sheet at each meeting to certify your attendance. The schedule of talks will be announced and posted prior to each quarter. Only MBIDP students and Whitcome Fellows may attend these seminars.

Attend the annual MBI RETREAT and present a talk or a poster.

This research conference is organized each year by student representatives from the Molecular Biology Interdepartmental Ph.D. Program, the Cellular and Molecular Biology Training Program and the Cell-Biology Interface Training Program. It is an opportunity to celebrate the diversity of intellectual pursuits that comprise modern molecular biology at UCLA.
